

The Hartnell Community College District invites proposals for the project titled, Advanced Diesel Technology. Proposals must be submitted in accordance with specifications and conditions contained
y

- x research applicable equipment and service information using heavy-duty equipment manuals in print and electronic formats, pertinent websites, and diagnostic equipment to identify, analyze, and correct problems of all major heavy-duty equipment systems.

HCCD, commonly called Hartnell College, is issuing this RFP (Request for Proposals) to heavy duty truck companies to provide written quotes for pricing on heavy-duty diesel equipment for Hartnell College's Advanced Diesel Technology program. This equipment will be used to provide teaching/training for Career and Technical Education and Workforce development programs. Specifically, it will provide training for associates degrees and certificates, and enhancement of technical training programs for Hartnell students. Advanced Diesel Technology equipment will increase the efficiency of the workforce by providing more relevant training for today's diesel industry employers.

This project will require the heavy-duty diesel equipment to have the following minimum qualifications:

- x Operational transportation type trucks that are 2014 or newer that meet current California emission standards
- x Diesel engine
- x Air brakes system

Preferred equipment specifications:

- x Short wheelbase
- x Variety of equipment manufacturers
 - o Example: 1 Freightliner, 1 Mack, 1 Volvo
- x Variety of drive types
 - o Example: Four-wheel drive, automatic or manual transmission
- x Manuals to perform maintenance on the vehicles to use for training
 - o Example: workshop manuals, diagnostic manuals

The District invites your response to this RFP to provide the desired equipment as listed in Section IV, above. All proposals should include the following and any other documents in support of the proposals:

- x Vendor's complete name, business address, telephone number, email address, the contact's name and contact information, including the email address of the individual the District should contact regarding this proposal.
 - x A description of the Operator, including, but not limited to, names of principals, number of employees, firm's longevity, client base, areas of specialization; and, any other pertinent information to assist evaluators to understand the overall capability, stability, resources, of the organization.
 - x Formal, written quote for Advanced Diesel Technology including shipment, installation, and any relevant state/federal taxes, as well as warranty, operations training and any other relevant information.
 - x
-

- x A narrative statement that illustrates the Vendor's understanding of all aspects of this project and an indication of any strengths or unique expertise the firm would bring to the project and potential benefits to the District.
 - x All costs of proposal preparation shall be paid for by the applicant. HCCD shall not, in any event, be liable or responsible for any pre-contractual expenses incurred by the Operator in the preparation and/or submission of the proposal. The Operator shall not include any such expenses as part of the budg0.7 (t)-60880.8 (001 Tm (t)-3.418.4 (,)-8 (a)-5.1 48 (001-8. (p)0.8 001-8. (s4r ()0.7 ()0.8 sE
