## Model #1

Council sizes are different based on mission, priorities and/or responsibilities.

Council membership is more prescribed, with included members based on expertise or responsibilities.

Student Success Council reflects new accreditation standards (Academic Affairs and Student Affairs combined).

Each council has five students with voting rights.

## Model #2

Council sizes are the same.

Council membership is less prescribed, with fewer members having specific expertise and others by elected appointment.

Academic Affairs Council and Student Affairs Councils remain independent.

Each council has four students with voting rights.
