We sent out **340** section scorecards - 66%

226 were completed

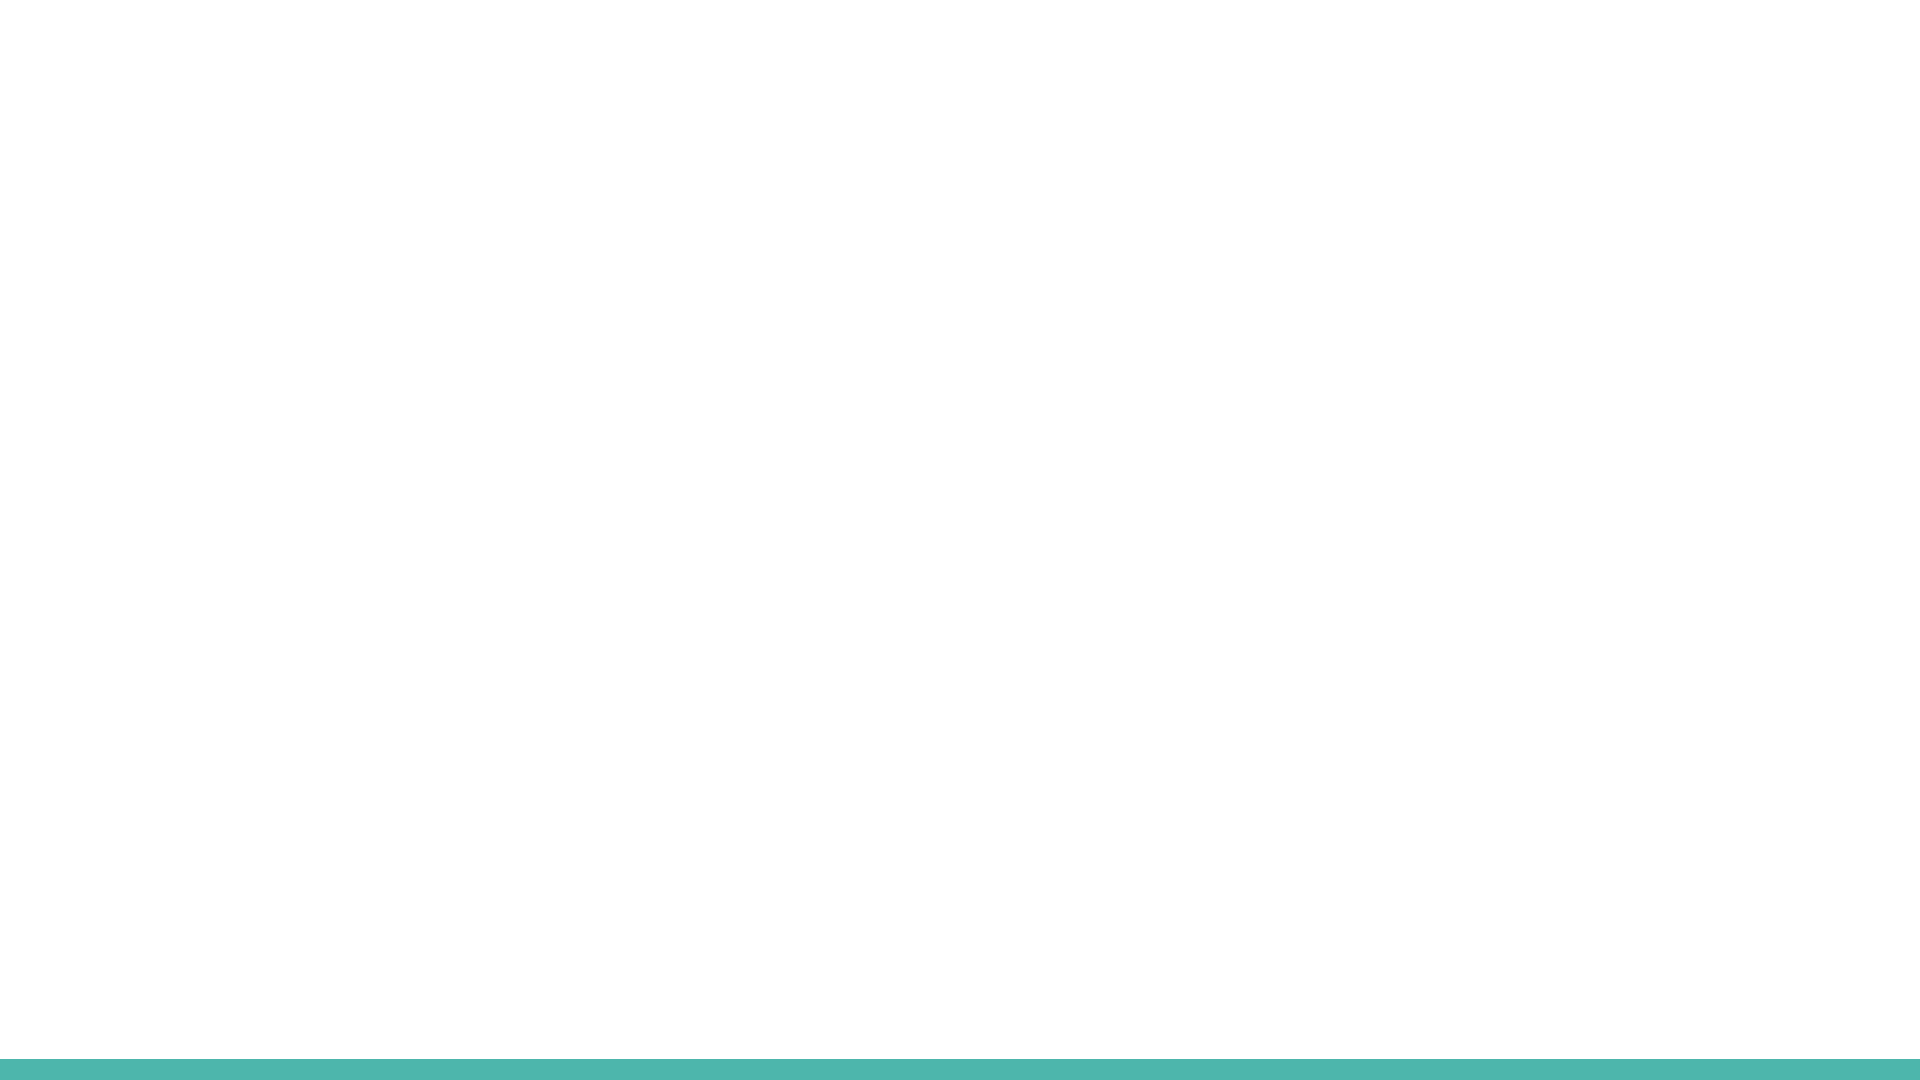

114 were not completed

We sent out **112** Action Plans - 66%

74 were completed

38 were not completed

*First semester coming back after COVID

We sent out **19** section scorecards - 53%

10 were completed

9 were not completed

At current we have 139 courses scheduled, approximately 434 sections. However, we know we have 9 calendar updates, and the deadline for faculty is September 30.

Starting October 3, O & A Team will review information provided by faculty from Convocation activity.

We will have the final course and section count by October 10, 2022

October 2 - Ransomware attack

Unable to complete follow-up tracking of completion of action plans, etc. due to authentication server

As of 11.08.22, no idea when Nuventive or eLumen will be back up. President Gutierrez made note and was going to inquire. Even if it might be possible to complete . . . this is not a semester to assess student learning

PPO&A meeting on Monday, November 14

Discuss other SLO/Assessment activities that might happen

Adjust the assessment timeline by one semester to one full year

Potential activity for spring

Do a review/rewrite of Course SLOs through the lens of equity and perhaps Meta Major perspective with an expected implementation of the next assessment cycle
