

Handbook, related links/ documents, and Agendas and Minutes with physical years archived. The public and all Hartnell Constituents have access to these documents related to the Student Success Committee.

#### **4. Funding Proposals**

Kathy received an email from Renata asking about software for ESL classes. Before SSC commit to purchasing Reading Plus software members need to have a further discussion and review a funding proposal.

Angelo mentioned that in order to improve reading skills using the Reading Plus program, students will need to use the program on a consistent schedule.

#### **5. Planning for Spring Semester**

Tabled

#### **6. Title V Competition Update**

Kelly sent links to PowerPoint presentations regarding grant writing tips and mentioned that the deadline for the Title V competition is May 14, 2014. It will be not possible the College to submit the application by that time, but we can start to prepare for the next competition. There will be 75 awards given; it is expected that 30 proposals will get funded in 2014, and 75 plus will be funded in 2015. This will be perfect timing for us to prepare since we will have more time to plan, organize, set time lines, gather data/research, and write the proposal.

#### **8. Other**

Kathy informed members that Angelo and Meagan have stated Reading Apprenticeship 101 (six week online course).

Jason Hough reminded members that May 10 will be Hartnell Panther Day and that it will be a great opportunity to do a data collection survey for the incoming students for Fall 2014.

The next meeting will be a planning meeting.

#### **9. Adjournment**

The meeting concluded at 4:38 p.m.

#### ***Hartnell College Mission Statement***

*Focusing on the needs of the Salinas Valley, Hartnell College provides educational opportunities for students to reach academic goals in an environment committed to student learning, achievement, and success.*
