

### **III. eLumen Project Update**

Discussion about the labels for the institutional rubric scale took place. The members who were present agreed that a 3-level scale would be used with the following labels as categories:

Mastered  
Partially Mastered  
Non-Mastered

This will be brought back to the Pilot Group meeting on 9/24/14 for further discussion. Final decision will be taken to the Academic Senate as an information item.

### **IV. Spring 2014 Graduation Survey Assessment**

Discussion about graduation survey results will be bumped to the next meeting due to low attendance at this one. There was discussion about future graduations and how the survey will be handled since the graduation venue is moving to the Sports Arena Complex and there may not be graduation practice. A suggestion was made that students could take the survey when picking up their graduation tickets; however, we are not sure that tickets will even be distributed due to the large seating capacity of the complex.

### **V. Adjournment**

The meeting concluded at 4:35 p.m.
