Nora Torres-Zuniga	Confidential	x	
Augustine Nevarez	Director-		

smoking on campus has been very dramatic, members reported some issues remain with getting full compliance or other concerns, including athletes and chewing tobacco, students at the Alisal Campus, and some students near Building B. The Human Resources Office will look into the availability of smoking cessation programs for campus employees and students who are interested, and report back at the next meeting.

2. Current status of electronic alert systems on campus –Joseph reported that Alert U was no longer in use, and that Everbridge was in the process of being deployed in stages. We've
