 - I. TWO READING ITEMS FIRST READING, NO ACTION
 - a. Proposed rubric for evaluating/reviewing existing degrees and certificates (see website materials) The committee discussed the rubric. Suggestions for changes will be sent to the chair for incorporation into the document for approval.

practice, shorter timeline.

For course revisions that do include changes to the above items, the timeline for the course becoming active/implemented will be the semester after the new course information has been published in a catalog or addendum (if available). So the following fall for fall semester approvals and for spring semester approvals it will be the following spring (if an addendum is published) or the fall after that (if no addendum is published).
