April 17, 2015 - Site demo started, fire sprinkler & metal duct work started 2<sup>nd</sup> floor. Metal stud framing continues.

July 8, 2015 Metal stud framing, interior electrical and exterior insulation panel installation continues. Site preparation is ongoing for exterior walkways.

August 6, 2015 Interior framing, interior electrical and exterior insulation panel installation continues. Roofing installation 60% complete.

Sept 8 2015 - Metal stud framing continued framing interior walls and soffits; Roofing system is 95% complete including the insulation and water proofing membrane.

Spring Semester 2016 Occupy building, prepare for classes to be taught summer 2016

2. **Building D** Elevator (840104) 2013. An elevator will be installed in D, north side of the building. Currently, the elevator in D south is not reliable and often breaks down. The new elevator will tie into D ADA compliance work and make it easier for students coming from the main entrance, 411 Central Avenue, to get to the second and third floors of D.

DSA Approved Plans Estimated Measure H cost \$491,400
