

Proposed Revision of Program Planning and Assessment Process for 2019-2024 Strategic Planning Cycle

The PPA Process is tied directly to operational planning for a given cycle within the broader SP Cycle

Programs serving distinct sets of students/student needs are required to participate in PPA reporting

- Fall 18 → FY 19-20 (Planning)
- Fall 19 → FY 20-21 & 21-22 (Assessment & Planning)
- Fall 21 → FY 22-23 & 23-24 (Assessment & Planning)

Supervisory review and potential for feedback and amendment prior to supervisory approval

No Comprehensive Reviews unless focused on revitalization or discontinuance (special report)

Unanticipated events or needs may trigger the requirement of amended PPA reporting within a particular cycle
