HARTNELL COLLEGE VISION STATEMENT

Hartnell College will be nationally recognized for the success of our students by developing leaders who will contribute to the social, cultural, and economic vitality of our region and the global community.

HARTNELL COLLEGE MISSION STATEMENT

Focusing on the needs of the Salinas Valley, Hartnell College provides educational opportunities for students to reach academic goals in an environment committed to student learning, achievement and success.

As such, the California Community Colleges Board of Governors adopted a goals framework at its meeting of March 16, 2015 and, as a condition to receive Student Success and Support Program (SSSP) Funds, each community college must develop, adopt and post a goals framework that addresses, at minimum, the following four areas:

- 1) student performance and outcomes
- 2) accreditation status
- 3) fiscal viability
- 4) compliance with state and federal guidelines

To accomplish this work, a task force was formed at the March 18<sup>th</sup> CPC meeting and Dr. Lofman reported the task force has met and he then reviewed the approved activity time line for the development and approval of the goals. Dr. Lofman stated that the task force does not include all employee groups and that the task force decided to forward the goals to all constituents; he anticipates there is ample time to meet the established CCCCCO deadline.
