Each metric is assigned a				•		
	minima	lly accepta	able outo	ole outcome below which		
taken.*		, ,	·			
	achievable outo				will be conducted, or	r may
be taken if the metric		y important to the district. tious outcome below which				and address day
iswar	ambitious out ranted.	ottous outcome below which			may be conducted but otherwise	
*Normally taken as a resu		ree conse	ecutive ve	ears of unacce	eptable performance.	
, ,			,		.,	
		AS(highest target)				
	Targeted Outcor (range)	<u>mes</u>	AT (mid-range target)			
			ME(lowest target)			
The district will strategical	ally allocate and re	e-allocate	resource	s over time to	o achieve dual optimi	zation:
a.					;	
b.						
The desired outcome for a	a given metric wil	ll be estab	olished wi	thin the rand	e of targeted outcom	es as follows:
	g				gerea carrein	
				;		
•						
The action to be taken will given metric:	ll be based on the	e gap betw	veen the	targeted out	comes and the actual	(A) outcome for a
given metric.		Outcom	ne
