

: Education Code, Sections 66271.6, 66271.8, and 67360 et seq.; Title IX, Education Amendments of 1972; 20 U.S. Code Sections 1681 et seq. and 1092(g); ACCJC Accreditation Standard II.C.4

The superintendent/president or designee is responsible to review and interpret the California Community College Athletic Association (CCCAA) Constitution and Bylaws with staff, employees, representatives, and each person who works with the athletic program. Additional emphasis will be placed on rules of recruitment, eligibility, decorum, and sport seasons.

The District annually files, before the first athletic competition, a Statement of In-Service Training with the CCCAA office of the Executive Director, the conference commissioner and the superintendent/president's office. The document states that the athletic staff, employees, and representatives have received in-service training on the current CCCAA Constitution and Bylaws.

Each year, the athletic department under the direction of the appropriate administrator shall participate in the required federal survey EADA data collection.

The superintendent/president, Title IX coordinator, and athletic administrator annually review and sign required documentation to confirm the CCCAA required process is completed.
