Total Purchase Cost		\$17,038 - \$20,788	\$ 7,538.00	\$1,900 - \$2,650
Five Years				\$9,500 - \$13,250

Notes

* Per machine

Both options include bi-yearly service which includes filter exchanges.

There are no installation charges for 4 locations or more.

Based on data above, there is a cost saving in purchasing the filtration systems rather than renting each system.

ASHC voted to cover the cost of the equipment purchase.
